

# Tan Arin

TanArin12@gmail.com | Brooklyn, NY (Remote) | GitHub: <https://github.com/tanbeige>

## Summary

Frontend Engineer with over 6 years of experience building scalable, user-centric web applications using JavaScript, React.js, Next.js, and TypeScript. Proven track record of leading development efforts, optimizing performance, and driving innovation in fast-paced startup environments.

---

## Professional Experience

### Head of Frontend, BenjaminAI (DeepVest) – Remote | Apr 2025 – Present

- Lead design and development of the investment AI web platform using Next.js and Tailwind CSS, cutting load times by 70% and increasing conversion rate by 100+%.
- Used my 6+ years of experience for high-agency work to fulfill tasks not asked of me that will improve performance, scalability, and UX.
- Implement authentication, state management, and caching of AI responses; collaborate with cross-functional teams to deliver features ahead of schedule.
- Develop interactive charts with Python and Plotly to visualize AI-driven market data, enhancing user engagement and decision-making.

### Lead Frontend Developer, Kora Labs – Remote | Apr 2023 – Sep 2025

- Spearhead UI development for handle.me, a platform serving 200,000+ NFT owners, using React, Next.js, TypeScript, Tailwind CSS, and Framer Motion.
- Build secure and efficient integrations with back-end APIs; write serverless Node.js functions on AWS Lambda that reduce response times by 30%.
- Collaborate with designers and back-end engineers to refine user flows and implement A/B tests that boosted user retention by 15%.

### Frontend React & React Native Developer, GRIFFIN Solutions Group – Remote | Dec 2022 – Jun 2023

- Built a cross-platform medical certification app using React Native and TypeScript; implemented secure login and data storage, reducing potential breaches.
  - Created a reusable component library, reducing new feature development time by 30%.
  - Worked closely with product managers and backend teams to deliver responsive, accessible user interfaces.
- 

## Education

Bachelor of Science in Computer Science, Florida State University, Tallahassee, FL — Aug 2020

## Technical Skills

React.js, Next.js, React Native, TypeScript, JavaScript, Node.js, HTML5, CSS3, Tailwind CSS, SQL, PostgreSQL, GraphQL, REST APIs, Python, Git, AWS (basic), CI/CD (GitHub Actions)
